# DEVOE CARRIAGE AND AUTO TOP DRESSING

## READY FOR USE

This will give a fine black finish with a high gloss on all carriage tops, dashboards, cushions, harness, traveling bags, etc., whether made of real leather or imitation leather.

---

## SUGGESTIONS FOR USE

Shake can well before opening. Wash the top well with soap and water, and rinse with clean water. See that the top is thoroughly dry before applying the dressing, which should be put on with a soft brush, and well brushed out.

A thin coat is all that is required. Dries dust free in three hours. Dries ready for use in twenty-four hours. The Body and Gear of your carriage should be painted with **Devoe Gloss Carriage Paints.**

COBALT BLUE

### SUGGESTIONS FOR USE

Stir thoroughly before using.

Before painting, wash your carriage, automobile, or porch and lawn furniture carefully with warm water.

Be specially sure that all grease is washed off.

Rough places can be sandpapered down.

Be very certain that the surface is absolutely dry before applying the paint.

Note that the surface may appear dry, and yet have a little water still remaining in the cracks and crevices.

Put on the paint with a badger or fitch hair brush and work carefully.

The paint will dry with a high gloss.

The dash, curtains and top of vehicles should be given a coat of Devoe Enamel Leather Dressing, after being washed as described above.
